- PROJECTS & EXPERIENCE
- I am a 3rd year Computer Science Engineering student at Narula Institute of Technology with strong knowledge in Computer Networks, Operating Systems, Engineering Mathematics, and Python. I also have skills in DSA using C++ and experience in front-end web development.
- Collaborated in a team to develop a React-based web app that converts sign language into readable text.
 - Participated in Innovative Hardware Model Making Competition at Asansol Engineering College by building a Smart Warehouse Monitoring System.
 - Built a simple AI chatbot web app that interacts with OpenAI's GPT API. Users can ask any question and get smart, real-time responses. The project features a clean UI and is fully responsive. Deployed using Vercel. [link of the project](#)
